Airport Facts:

The airport is situated on 450 acres and has a capital improvement plan which will add additional surrounding property, more hangar space, new approach lights and two helicopter pads.

The Capital Improvement Plan is a five year plan, updated annually, to ensure the airport continues to grow in size, service and customer satisfaction.

Growth Plans:

- Additional ramp, taxiways and hangar space.
- Additional Corporate hangars and property lease plans.
- Additional safety enhancements and security measures.
- Additional navigational aids.
- New, expanded terminal building and area.

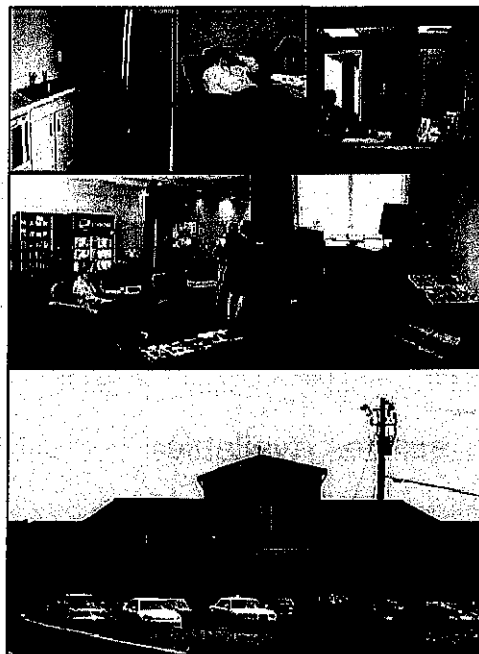

Come take an orientation flight

and learn more about your

county from the air.

You'll never forget the

experience or the view.

The new terminal building features:

- 24 hour access for pilots to bathroom with shower.
- Snooze Room
- Kitchen
- Flight Planning Room
- Spacious Waiting Area
- Spacious Conference Room
- And additional upstairs space available for future development.

Sites Available:

Does your business require quick access to an airport? Would a location near an airport open up new markets and new customers? If you are looking for a new home for your business perhaps a location adjacent to the Lincolnton Lincoln County Regional Airport will meet your needs.
